PROFILE

Passionate Frontend Engineer with experience in building scalable and user-friendly web applications. Skilled in modern JavaScript frameworks, including Vue.js and React.js, with a strong background in working on large-scale projects. Adept at collaborating in agile environments, problem-solving, and delivering high-quality code.

WORK EXPERIENCE

- ARX.NET** 2021-2024
- External Frontend Developer for OPAP S.A
- Developed and maintained frontend applications using Vue.js, enhancing website functionality and user experience.
 - Collaborated with cross-functional teams in an Agile environment, contributing to major projects, including the expansion of the main site with three additional games.
 - Worked within two-week sprints, managing and completing tasks in Jira while ensuring high-quality deliverables.
 - Created and executed Unit Tests in Bamboo and Azure to maintain code quality and reliability.
 - Took ownership of new pages and solo projects, leading development from concept to deployment.
 - Gained valuable experience in a fast-paced, enterprise-level environment while being loaned as a frontend developer to OPAP S.A., a leading Greek gaming company.

PERSONAL PROJECTS

- Photo-Videographer Website** 2025 - PRESENT
- kre8tivefilms.com
- Developed and designed a responsive Video and Photography Editor Portfolio website using Vue.js and Vite.
 - Styled with TailwindCSS and enhanced with FontAwesome icons and SwiperJS for a dynamic user experience.
 - Optimized performance and modularity with Webpack for efficient loading and smooth navigation.
 - Integrated backend functionality using C# to optimize performance and dynamically serve images via Cloudflare, enhancing site speed and responsiveness.
- Website for Children with Disabilities** 2024 - 2025
- MyAbilityLab.com
- Designed and developed a WordPress-based website to support youth with special needs and provide educational resources.
 - Implemented functionality using PHP, JavaScript, and custom themes for a polished user experience.

ODYSSEAS KARASTERGIOU

COMPUTER SCIENCE | FRONTEND ENGINEER

INTERESTS

- Music: Piano and Guitar
- Sports: Basketball

PERSONAL PROJECTS

Weather App
